

Future-proof your fax number

Plans as low as:

47.50 p/mo

+ 15c / fax send

Access and manage faxes from your business email. Virtual Fax means you can get rid of your old-fashioned fax machine without losing your fax capability.

Custom fax cover page

Having a custom cover page attached to your faxes will show the recipient you are professional and will allow them to clearly identify you.

Your custom cover page features your company logo, personal details and a clean layout. This will be a more impressive option compared to a regular default cover page.

NBN Ready

Replace your fax machine with our NBN ready virtual fax service. It will work with all internet enabled devices and will make your business future proof.

Low-cost faxing

Stop paying for expensive fax lines and equipment. Receive Fax documents for free, and pay just 15c per fax to Australian numbers.

PDF Simplicity

Send and receive your faxes as PDF files through email. Our cloud fax technology lets you send large files at high quality.

BYO Number

Bring your current fax numbers with you when you switch to Aecom Solutions . number porting charges may apply.

How to Make Remote Working Work!

Remote work, where professionals work outside the traditional office environment, is on the rise. And for good reason! There's strong evidence that it benefits companies both financially and productively - providing you have the right tools at your disposal.
